

Pack 137 Winter Overnight
McAuliffe - Shepard Discovery Center
New England's Premier Air and Space Science Center

Saturday, Feb 27th - Sunday, Feb 28th, 2010
Concord, New Hampshire

Come and enjoy an evening under the stars with Overnight Adventures!
The program includes guided exhibit exploration, hands-on activities, a planetarium show, evening snack, and telescope viewing (weather permitting).

Activities start with pizza at 6:00 PM and end the next morning at 8:30 AM after a light breakfast. Everyone leaves with a special overnight adventure patch. Note that the night activities will run until 11:00 PM for older boys and 10:00 PM for younger boys.

We sleep indoors on the floor so be sure to bring a sleeping bag, pad, and pillow.
Single-person-sized air mattresses are permitted.

Pizza dinner and a light breakfast are included.
Due to limited space, this activity is limited to cub scouts and a parent.
